Mr. John N. McMahon

Dear Mr. McMahon:

We would like to commend you and your staff for the excellent program directed toward women scientists and engineers on May 12, 1982.

We have received a number of superlative comments on the special tours, exhibits and food. It was obvious that a lot of staff time was expended in putting together this most interesting and informative program.

[redacted] of your staff [redacted]
[redacted] continues to provide new initiatives, hard work, and leadership in meeting the daily challenges of our inter-agency committee. Through her efforts, those of [redacted] of the Directorate of Science and Technology, [redacted] of the Office of Equal Employment Opportunity, and the numerous other people who worked behind the scenes, the program was highly successful.
